

Disposition Matrix

When placing profiles, remember that indifference is to the outside of square, compassion to the middle. Use a “general” feeling, but keep in mind that each person will fluctuate on topic that they may be more passionate or indifferent about.

Help me: Group good for my sake – most bosses.

You will help: Group good at all costs – Mother Theresa and other do-gooders.

Let me help: Group good starts with me – average person that will do what they want, group good if they feel like it. Cannot be pressured.

Help yourself: Group good comes from watching out for number one – survivalists.
